an index to music in selected historical anthologies of western art music is the essential reference for music history and music theory instructors for finding specific listings and details for all the

pieces included in more than 140 anthologies published between 1931 and 2016 containing over 5 000 individual listings this concise book is an indispensable tool for teaching music history and theory since many anthologies exist in multiple editions this index provides instructors students and researchers with the means to locate specific compositions in both print and online anthologies this book includes listings by composer and title as well as indexes of authors titles and first lines of text for music from antiquity through the early twenty first century

no 1 2 of each vol 1930 form the proceedings or abstracts of proceedings of the section s annual meetings some of which were held jointly with the section of seismology of the american geophysical union no for 1953 62 include minutes of the eastern section meetings 25th 34th

the text of this edition as of the former edition published by the clarendon press in 1882 is based upon that of ribbeck with certain modifications particularly in matters of orthography it has already been issued in five parts with an abridgement of mr papillon s original introduction prefixed to each part but for the present complete edition the introduction in its fuller form has been retained after due revision the commentary has been revised throughout by both editors with the view of making it more generally useful to students of the universities and in the higher forms of schools preface
