this book is a cross linguistic study of the syntax of yes no questions and their answers drawing on data from a wide range of languages with particular focus on english finnish swedish thai and chinese there are broadly two types of answer to yes no questions those that employ particles such as yes and no as found in english and those that echo a part of the question usually the finite verb with or without negation as found in finnish the latter are uncontroversially derived by ellipsis while the former have been claimed to be clause substitutes anders holmberg argues instead that

even answers that employ particles are complete sentences derived by ellipsis from full sentential expressions and that the two types share essential syntactic properties the book also examines the related cross linguistic and intralinguistic variation observed in answers to negative questions such as does he not drink coffee whereby yes in one language appears to correspond to no in another the book illustrates how a seemingly trivial phenomenon can have the most wide ranging consequences for theories of language and will be of interest not only to theoretical linguists but also to students and scholars of typological and descriptive linguistics

this book presents a first comprehensive overview of existing research on information structure in sign languages furthermore it is combined with novel in depth studies of russian sign language and sign language of the netherlands the book discusses how topic focus and contrast are marked in the visual modality and what implications this has for theoretical and typological study of information structure such issues as syntactic and prosodic markers of information structure and their interactions relations between different notions of information structure and grammaticalization of markers of information structure are highlighted empirical studies of the two sign languages also showcase different methodologies that are used in such research and discuss their advantages and disadvantages the book contains a general introduction to the field of information structure and thus can be used by linguists new to the field

murder something that happens an average of 63 times a day in the united states hidden within those deaths are unsolved cases fitting a particular profile bodies with severe scarring and drained of blood killings of this nature have become cold cases as there has been no evidence left behind detective maxwell thorn specializes in these cases and has now brought said cases to close in four major cities in the last few years having just finished in atlanta a string of murders and missing now plagues boston detective thorn is called to boston after his most recent victory but not before a new wrinkle develops on his way out of atlanta unknown to the killers detective thorn is a hunter not just of criminals but one of the most dangerous predators of humankind the killer he searches for are unlike most his predators were created and have been discussed for over 600 years there is more to his cases and hunting than meets the eye max is the last of his kind and will find a prophecy unknown to him hangs over his head max will soon face his greatest challenge and discover who has orchestrated the string of murders that have led him to his newest destination is responsible for his previous stops hunters have come and gone through the centuries but max will uncover his destiny will max be up to this monumental confrontation or will he fall like all before him about the author born in california but raised in a small

town in alabama travis simmons has had a lifelong need and desire to create beginning with new superheroes and wrestlers of his creation to poetry short stories and even wrestling booking travis has an affinity for vampires and the supernatural he has enjoyed those tales and stories since childhood he takes that love and puts it into this story one that has had several iterations over the last 25 years travis has brought them all together for not like the others when not creating the author enjoys spending time with his wife and three children as well as their dogs family and friends along with his love for creating travis follows professional wrestling mma football and baseball and never misses a big movie
