the language literature provides a framework for analysing language it explores how writers use literary language to create literary texts and helps students use language successfully in their own writing key features covers key skills and topics in

essays discuss realism futurism dada the grammar of poetry baudelaire shakespeare yeats turgenev pasternak blake and semiotic theory

first published in 1988 peculiar language is now established as one of the most important discussions of the language of literature this thought provoking book challenges traditional notions of literary criticism arguing that all attempts by

writers critics and literary theorists to define the language of literature have involved self contradiction through examination of key moments in literary history derek attridge demonstrates that such contradictions in accounts of literary language are embedded in our cultural concept of literature and asserts that in order to appreciate the forces that determine the limits of literary language we must look beyond the realm of the literary and embrace the wider political and social sphere re issued as a result of sustained critical interest in the book this edition includes a new preface by the author

table of contents

from the preface the title for this collection was the title of a course in literary criticism that i gave for many years at bennington college and much of the material presented here was used in that course the title should serve well to convey the gist of these various pieces for all of them are explicitly concerned with the attempt to define and track down the implications of the term symbolic action and to show how the marvels of literature and language look when considered from that point of view

this book takes a literature based approach to how children learn language and how it is taught in today's diverse k-12 classrooms the material is based on the belief that literature offers the most effective instructional approach for english language learners the book offers meaningful reading writing speaking and listening activities as well as new understandings about the forms and functions of written language this is the first book that offers instructors guidance in expanding the range of materials they use for teaching esl by going beyond the standard texts to include books of all kinds children's literature trade books magazines and other media voices from the classroom scenarios from k-12 classrooms with english language learners are provided throughout the chapters offering practical stories from teachers' points of view k-12 educators with diverse student populations

diplomarbeit aus dem jahr 2002 im fachbereich amerikanistik literatur universität wien sprache deutsch abstract i have never stopped loving children's literature and i have been interested in it as a field of research ever since i took a course on the history of children's literature at the university of toronto when i started out on this paper i had little idea what it would be about only that the focus would be on language i knew i was fascinated by the subject so i started exploring the issue in general terms reading more or less randomly about children's literature and reading children's literature before i decided on the structure of the paper and the texts i would use for it my fascination for children's literature is grounded in its potential for change and for development which is one of its major aspects the fierce attempts to control children's readings adults' prescriptions of what is good for them and what is not have to do with this aspect of children's literature which has always been considered dangerous by some adults because there is nothing more powerful than the potency of the literary

imagination fairy tales which were viewed as suspicious for a long time as the history of children's literature shows are a good example of this perceived threat the question of what children should read how much freedom they should have to choose which ultimately comes down to the question if they should be allowed to have an imagination or not has had to do with changing notions of childhood on which the emergence of imaginative literature for children depended but to which it has contributed a lot in turn the question really is if children's natural liveliness curiosity and open mindedness should be suppressed if children should be frightened and kept in their place taught to accept everything unquestioningly or be offered what they need to develop and grow at their own pace and develop into critical self confident open min

teachers have struggled for years to balance the competing demands of american literature and ap english language now the team that brought you the bestselling language of composition is here to help conversations in american literature language rhetoric culture is a new kind of american literature anthology putting nonfiction on equal footing with the traditional fiction and poetry and emphasizing the skills of rhetoric close reading argument and synthesis to spark critical thinking the book includes talkback pairings and synthesis conversations that let students explore how issues and texts from the past continue to impact the present whether you're teaching ap english language or gearing up for common core conversations in american literature will help you revolutionize the way american literature is taught
