a ground breaking and definitive roadmap to finding success through the dynamic partnership of private equity and franchising justin nihiser operating partner garnett station partners private equity pe is profoundly transforming the business of franchising as companies increasingly perceive pe transactions as an attractive alternative to going public and as investors realize the strength and resilience of the franchise model in recent years franchisors and multi unit franchisees encompassing more than 700 brands have partnered with private capital including subway which announced in 2023 that after decades of independence it would be acquired by roark capital group for more than 9 billion it s

estimated that private capital is currently sitting on at least 1 trillion of dry powder committed funds that haven't yet been deployed. Franchising will continue to attract investment out of this substantial and still growing pool in big money in franchising. Franchise thought leader board advisor franchise investor and PE consultant Alicia Miller demonstrates how founders and franchisees alike can effectively leverage private capital to take their businesses to the next level of performance. Miller walks through PE growth playbooks in depth drawing on recent case studies highlighting best practices and sharing valuable insights into PE's investing mindset, key players, selection criteria, and trading dynamics. The book also tracks the top challenges private capital has experienced in franchise investing, providing guidelines for vetting potential partners and conducting due diligence to avoid negative outcomes, value destruction, and stall outs. Featuring interviews with franchise entrepreneurs, brand founders, deal advisors, and PE executives, *Big Money in Franchising* empowers readers with the information needed to build enterprise value and climb the private equity profit ladder.

Enhance your cybersecurity and agility with this thorough playbook featuring actionable guidance, insights, and success criteria from industry experts. Key features get simple, clear, and practical advice for everyone from CEOs to security operations. Organize your zero trust journey into role-by-role execution stages, integrate real-world implementation experience with global zero trust standards, and purchase the print or Kindle book. Includes a free eBook in the PDF format. *Book Description:* Zero trust is cybersecurity for the digital era and cloud computing, protecting business assets anywhere on any network by going beyond traditional network perimeter approaches. To security, zero trust helps you keep up with ever-evolving threats. The *Playbook Series* provides simple, clear, and actionable guidance that fully answers your questions on zero trust using current threats, real-world implementation experiences, and open global standards. The *Zero Trust Playbook Series* guides you with specific role-by-role, actionable information for planning, executing, and operating zero trust from the boardroom to technical reality. This first book in the series helps you understand what zero trust is, why it's important for you, and what success looks like. You'll learn about the driving forces behind zero trust, security threats, digital and cloud transformations, business disruptions, business resilience, agility, and adaptability. The six-stage *Playbook Process* and real-world examples will guide you through cultural, technical, and other critical elements for success. By the end of this book, you'll have understood how to start and run your zero trust journey with clarity and confidence using this one-of-a-kind series that answers the why, what, and how of zero trust. What you will learn: find out what zero trust is and what it means to you; uncover how zero trust helps with ransomware breaches and other attacks; understand which business assets to secure first; use a standards-based approach for zero trust; see how zero trust links business security, risk, and technology; use the six-stage process to guide your zero trust journey; transform roles and secure operations with zero trust; discover how the *Playbook* guides each role to success. Who this book is for: whether you're a business leader, security practitioner, or technology executive, this comprehensive guide to zero trust has something for you.

this book provides practical guidance for implementing and managing a zero trust strategy and its impact on every role including yours this is the go to guide for everyone including board members ceos cios cisos architects engineers it admins security analysts program managers product owners developers and managers don t miss out on this essential resource for securing your organization against cyber threats

everyone wants better meetings but no one seems to know how until now reid hoffman new york times bestselling author and cofounder of linkedin warning this read may save you countless hours adam grant 1 new york times bestselling author and host of the podcast re thinking from rebecca hinds phd organizational expert who has helped fortune 500 companies fix their fractured collaboration comes a bold battle tested blueprint for tackling the workplace s biggest time wasters meetings meetings are broken they are relics from a bygone era of top down hierarchies and factory like procedures designed to issue orders flaunt power and keep the hierarchy intact in today s digital collaborate or bust era this model isn t just inefficient it actively harms employees and organizations drawing on decades of research and stories from leading companies like google salesforce pixar youtube and dropbox your best meeting ever provides a blueprint to transform your meetings

from monotonous soul crushing time sinks into powerful tools for collaboration the secret treat them like products using seven product design principles you ll turn your meetings into well designed products that actually drive work forward and serve your most important users the people in your organization you ll learn why every organization needs a meeting doomsday to reset collaboration and how to strategically orchestrate one at your company how to fix your communication system so meetings are a last resort not a knee jerk default which meeting metrics matter and which do more harm than good how to inject moments of delight into your meetings so people genuinely want to show up when to integrate technology into your meetings so you enhance collaboration rather than detract from it more than just a practical guide your best meeting ever is a rallying call to rethink how we collaborate in the modern workplace whether you re a leader or an individual contributor this powerful book will nudge you to be audacious to challenge the existing norms and embrace new paradigms so you ll never dread another meeting again

transform education from inside the classroom this book delivers best practices of collaborative teacher leadership supporting the strategies with research and real classroom stories

what if the greatest salespeople on the planet are the opposite of who you think they are everyone sells every day it s why the most successful people are better than most at selling themselves their ideas or their products and services yet when people hear the word sales they think of an overly confident articulate extrovert at best or a pushy know it all huckster at worst because of these misperceptions when we find ourselves in a situation where we need to sell we feel compelled to put on the persona of a good salesperson but there s a disconnect between who we think good salespeople are and who they actually are in any room they re not the most self confident they re the most self aware they re not the most sociable they re the most socially aware and they don t succeed in spite of obstacles they succeed because of obstacles colin coggins and garrett brown sought out some of the most successful people from all walks of life including ceos entrepreneurs doctors trial lawyers professional athletes agents military leaders artists engineers and countless others in hopes of understanding why these people are so extraordinary colin and garrett found that as different as all these incredible people were they all had an eerily similar approach to selling it didn t matter if they were perceived as optimists or pessimists logical or emotional introverted or extroverted jovial or stoic they were all unsold on what it meant to sell and unsold on who people expected them to be the unsold mindset reveals a counterintuitive approach not just to selling but to life it s a journey toward an entirely new mindset the greatest sellers on the planet aren t successful because of what they do they re successful because of what they think being a good person and a good salesperson aren t mutually exclusive the unsold mindset will change the way you think about selling and the way you think about yourself

the right fight the new management guide from noted business strategists saj nicole joni and damon beyer turns management thinking on its head and shows why in the fast moving hyper competitive marketplaces of the 21st century leaders need to both foster alignment and orchestrate thoughtful controversy in their organizations to get the best out of them the authors groundbreaking research including examples as diverse as unilever microsoft coca cola dell the clinton administration and the houston independent school system shows that happy workers can become bored or complacent and thus less productive than workers who are subjected to a little properly managed tension readers of good to great and winning as well as the harvard business review and strategy business will find much to ponder in the right fight
